OBJECTIVE:

Web Developer with expertise in HTML, CSS, JavaScript, React, Python, and SEO, seeking challenging opportunities.

TECHNICAL SKILLS:

- **Front-end:** HTML, CSS, JavaScript (React, Preact)
- **Back-end:** Python (Flask), Node.js
- **Databases:** PostgreSQL, MongoDB, Firebase
- **CMS/E-commerce:** Odoo, WordPress, Magento, Shopify
- **SEO Tools:** ScreamingFrog, OptinMonster, Google Analytics
- **Infrastructure Skills:** DNS Setup and Management

PROFESSIONAL EXPERIENCE:

- **Web Developer | Journey Better Business Group Inc. (January 2022 - Present)**
 - **Applications Development Manager:**
 - Set up fresh instances of Odoo and configured virtual hosts.
 - Provided alternative solutions for capturing data not natively supported on the platform
 - Developed customized products tailored to clients' needs such as chatbots.
 - **Senior Web Developer:**
 - Managed domain setup, DNS settings, and domain registrations and transfers.
 - Transferred websites from one platform to another (e.g., WordPress to Odoo), including data migration, content mapping, customization, and configuration.
 - **Junior Web Developer:**
 - Implemented design mockups on platforms requiring coding (e.g., Magento, Unilog, Nomad).
 - Data scraping and manipulation to satisfy import requirements on e-commerce platforms.
 - Improved SEO rankings by fixing and adding product schemas.
- **Freelance Web Developer | UpWork (March 2023 - Present)**
 - Enhanced email deliverability by configuring DKIM, SPF, and DMARC Records in DNS settings.
 - Resolved Google Search Console errors by implementing Google's Structured Data.
 - Added custom Shopify Liquid templates and modified existing templates.
 - Provided comprehensive assistance and solutions as an Odoo consultant to meet client requirements.
 - Created interactive calculators using Vanilla JS and React, integrated into WordPress.

PERSONAL PROJECTS:

- **Personal Portfolio** | www.presylord.com | (Tech used: React JS, Tailwind CSS, API)
 - A portfolio website where I can easily highlight my expertise, share details about my background, and showcase the projects I have created.
- **ChatCSV** | chat.presylord.com | (Tech used: Preact, Bootstrap CSS, Flask, API, AWS)
 - An app powered by OpenAI that analyzes your CSV files and provides insights and dynamic conversations based on their data.
- **OCR - Extract Text from Image** | ocr.presylord.com | (Tech used: React JS, Bootstrap CSS, Google Vision)
 - This web app uses Google Vision's OCR technology to extract text from images.
